DETAILED ACTION

Election/Restrictions

1. Restriction to one of the following inventions is required under 35 U.S.C. 121:
 - I. Claims 1-50, drawn to a composition effective to prolong the freshness or the aesthetic appearance of a plant, a flower, a fruit or a plant cutting, a kit, and a method of delaying the senescence of a plant, a flower, a fruit or a plant cutting, classified in class 504, subclass 114, for example.
 - II. Claims 51-55 and 57-58, drawn to an isolated polynucleotide and a transgenic plant, classified in class 536, subclass 23.1, for example.
 - III. Claim 56, drawn to an isolated polypeptide, classified in class 530, subclass 350, for example.

The inventions are distinct, each from the other because of the following reasons:

2. Inventions I-III are distinct products. The composition of Group I, the polynucleotide of Group II and the polypeptide of Group III are structurally and functionally distinct products that can be used in different methods, such as a method of delaying the senescence of a plant using the composition of Group I, a method of nucleic acid hybridization using the polynucleotide of Group II, and a method of producing antibodies using the polypeptide of Group III.
3. Because these inventions are distinct for the reasons given above and have acquired a separate status in the art as shown by their different classification, their recognized divergent subject matter, and the requirement for different areas of search, restriction for examination purposes as indicated is proper.

4. Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).

5. Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a petition under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).
